ABCDE12345

IMPORTANT

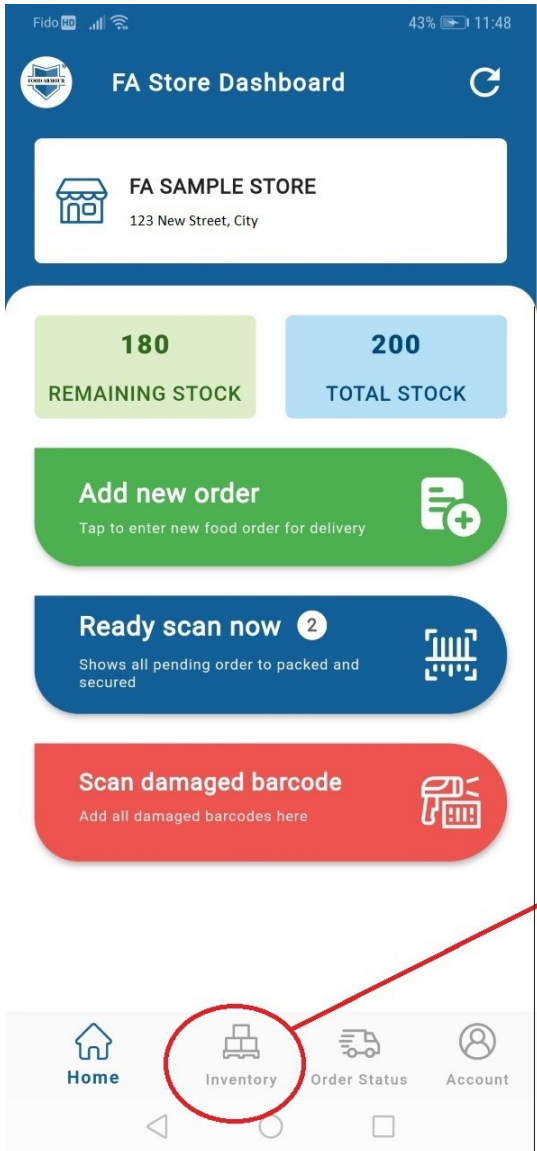

Make sure that the authorized User/Manager setting
Is in MANAGER ON mode (Green)

The screenshot shows the 'Manage Employee' page in the FA SAMPLE STORE Admin interface. The page header includes the 'FA SAMPLE STORE - Admin' logo and a 'Sign Out' button. The left sidebar contains navigation options such as 'Dashboard', 'Manage Profile', 'Employee', 'Manage Deliveries', and 'Inventory'. The main content area displays a table of employee entries. The table has columns for 'Email', 'Mobile', 'Status', 'Reg.date', 'is Manager', 'API Key', 'Action', 'Status', and 'Share API'. The 'is Manager' column for the first entry is highlighted with a red circle, and a red arrow points from the text 'ENSURE THE AUTHORIZED USER/MANAGER IS TURNED ON (GREEN)' to it. The 'is Manager' toggle switch is turned on (green).

entries	Email	Mobile	Status	Reg.date	is Manager	API Key	Action	Status	Share API
